

Fits various window systems

The VarioFit® window handles from the LINEA range adjust their spindle length to the depth of the respective window profile, making them easy to change.

Secustik® – for effective added security

The patented locking mechanism inside LINEA window and door handles makes it harder to push open the window from the outside, making an intruder's job difficult.

Enhancing lives**

Elegant and secure

The LINEA window and door handles emphasise the clean lines of modern windows with their simple design whilst providing additional security.

Windows.
Reinvented for modern life.

Don't compromise on style

For windows and doors

Modern windows in every way

Give your windows just the right look by opting for exclusive design and outstanding quality when selecting your window handles.

Lockable window handles are also available from the LINEA range.

A wide range of colours

The LINEA range is available in various anodised and RAL colours, with brushed surfaces to boot – guaranteeing a stylish stainless steel look for your windows and doors.

The LINEA handles emphasise the design elements of modern architecture with clean, clear lines that bring an elegant touch to any room.

Robust elegance for your door

The LINEA door handle not only stands out with its modern design, but also its robustness and security.

Let the same design accents chosen for your windows add that special touch to the doors in your home, too.
